

I sincerely hope that you, the FCC, will continue to disallow a media company from owning both a newspaper and a TV station in the same geographic area.

I find this extremely important and am surprised you would even think of reviewing the matter. In fact, I think you should be going in the other direction by better enforcing the ban.

Please protect my right to information and news. By undoing this policy, it will concentrate too much power in too few companies. I am already censored from much of what Bin Laden has said in response to the WTC attack and find it appalling that Ari Fleisher has said that this is a time for Americans to "watch what they say."

Are we trying to uphold democracy or destroy it?

Sincerely,
Justin Dart
